

Doctors' Advancing Interpersonal Skills

CATEGORY 1 ACTIVE LEARNING MODULE

40 QA & CPD points

In response to requests from GPs who have undertaken the *Doctors' Interpersonal Skills Questionnaire (DISQ)* as a clinical audit, Client-Focused Evaluations Program (CFEP) has developed the DAIS Program.

CFEP have received approval from the RACGP QA & CPD Program for a 40 POINT CATEGORY 1 Active Learning Module called the *Doctors' Advancing Interpersonal Skills (DAIS) Program*.

DAIS contains 10 hours of CPD activity, which can be completed in your own time and at your own pace

DAIS consists of a workbook and a 90-minute video containing segments of recorded GP consultations with patients

The GP is required to complete a brief written pre-test, read the workbook and watch examples of GP consultations provided in the video.

They should reflect on their interpersonal skills by recording their responses to exercises in the workbook. This is then followed up with a brief written post-test to complete the activity

I would like to participate in the DAIS program
